New York—Reports received here today indicate that fighting is particularly heavy in the Balkans section and on the borders of Austro-Hungary where the Slavs are crushing their way down from the north and the Rumanians are striking hard from the east.

Between the Danube and the Black Sea the Bulgarians and their allies have carried the offensive across the Rumanian border and toward several towns. Along this entire frontier there is heavy fighting between contending sides.

On the west front there are small developments. The weather in the Somme section is so inclement that it has delayed operations in the trenches and both sides are doing little except artillery fire.

The Russian Report

Petrograd—In the Carpathian mountains the Russians have captured a whole series of mountain heights and advanced near the Hungarian frontier, clearing the way for an early descent from passes into the Hungarian plains.

In eastern Rumania where the Bulgarians crossed the frontier along the Black Sea the Teuton-Bulgar forces were repulsed in an attack on Basaidjik. Fighting continues between Dordrudaya and the Bulgarian frontier.

Hostile hydroplanes flew over Russian territory today and dropped on the town of Constanza, wounding civilians and children.

German Representative Arrived

Athens—Baron von Schenk, who has been directing the German propaganda in Greece and attempting to influence public sentiment against the Allies, was arrested today and taken on board an Entente cruiser.

Sixteen more warships of the Allies have arrived and the harbor is being steadily occupied by the Entente fleets.

No Politics—No Speech

Nashville—The refusal of Republican candidate Hughes to speak at the Labor Day events here today has caused a sensation. When informed that politics were barred from the day's speeches Mr. Hughes declined to appear.

Keohokale Returning

Honolulu—Postoffice Inspector Flavin received a telegram today that Morris Keohokale, the defaulting postmaster of Baia, Maui, was leaving San Francisco on Wednesday for the Islands to stand trial.

Air Raids By Both Sides

London—Official—The British in air raids over Belgium bombarded the Hoboken shipbuilding yards on Saturday and the aerodrome at Ghislies on Sunday. At both places the Germans have military establishments.

In the fighting north of the Somme during the last few hours the British captured German defenses 800 yards deep along a front of 3000 yards, including the trenches at Guillemont. The whole of Guinchy was first captured, but later the British were compelled to give ground. They still retain part of the village. More than 800 Germans were taken.

Berlin—Official—Several airships on the night of September 2 bombarded London, Yarmouth and Harwich, dropping explosives on factories and other places of strategic importance in the southeast counties and on the Humber. Good effects were everywhere observed.

Defeat Of The Austrians

Paris—The Rumanians defeat the Austrians in a forty-eight hours battle, the Teutons being driven out of Orsona by their new foes. Despatches to Paris morning papers say that the struggle has been desperate.

British and French have made a four-mile gain on the Somme front, in a series of fresh assaults.

Citizens In Training

American Lake, Wash.—Approximately 400 business men from the cities and towns of the northwest began training recently here. Five regular army officers are with each company.

German Submarine Sunk

Athens—A German submarine which was apparently trying to force its way through to Constantinople was sunk yesterday by warships of the Entente Allies.

Japan Demands Again

Peking—The Japanese ambassador representing the Mikado in China yesterday presented to the foreign office full demands of the Japanese government in settlement for clash between Chinese and Japanese troops at Cheng Chiatun on August 13. The demands are of a sweeping nature and include the dismissal of all officers commanding troops in the district where the clash took place and the withdrawal of all Chinese troops from the district.

Chinese Fire On Russians

Tokio—A troop of Chinese opened fire on Russian soldiers in Manchuria last Saturday. It is claimed that the assault was without provocation.

Fire At Sacramento

Sacramento—Flames are sweeping the Sacramento fair grounds, many of the buildings being destroyed.

Eight-Hour Law Signed

Washington—The President has signed the new eight-hour labor law, using four pens in the operation which were presented to heads of the Brotherhoods as souvenirs. It is stated by the unions that this settles all trouble unless the railroads determine to contest the new law in the court, in which case a strike will be immediately ordered.

Sugar, 4.89.

Honolulu—In yesterday's races a dark horse named Satisfax, owned by Lieutenant Hoyle, took first place. Time 1.41 4-5. The ladies' race was won by Miss Alice Macfarlane, a society girl. Von Tempky's Gwendolin took second place, the entry of Miss Bertha Bates. Miss Rosa made third and Laura Low fourth place. There will be an all-day race program tomorrow.

Remarkable Road And Race Track Records

JUNE, July and August have recorded a series of remarkable racing records achieved with the aid of Goodyear Cord Tires.

These victories are valuable because they offer corroborative evidence of the very qualities for which Goodyear Cord Tires are famous.

The terrific speed of the shorter contests, and the sustained speed of the longer ones, are added proof of that stoutness, liveliness and speediness which every Goodyear owner experiences in every-day use, and which led to the adoption of Goodyear Cord Tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, and the Stutz.

Goodyear Cord Tire achievements to date have been as follows:

World's record for one mile on one-mile track, Des Moines, Ia., June 25, 1916, De Palma driving Mercedes car. Speed at the rate of 103 miles per hour.

World's record for 5 miles on one-mile track, Des Moines, Ia., Lewis driving Crawford car, 3 minutes, 2 seconds. 98 miles per hour.

Fourth place, 150-mile race on one-mile track, Des Moines, Ia., June 26, 1916, Lewis driving Crawford car.

First place, 50-mile race, on one-mile track, Des Moines, Ia., June 26, 1916, Lewis driving Crawford car. 89 miles per hour.

Second place, 20-mile race, Des Moines, Ia., June 26, 1916, Lewis driving Crawford car. 92 miles per hour.

Second place, 10-mile race, Des Moines, Ia., June 26, 1916, Lewis driving Crawford car. 90 miles per hour.

First place, 5-mile race, one-mile track, Des Moines, Ia., June 26, 1916, Lewis driving Crawford car. 90 miles per hour.

First place, 100-mile race, 1 1/4 mile dirt track (poor condition), Kansas City, Mo., De Palma driving Mercedes car. 63 miles per hour.

First place, Eddie Rickenbacker driving Maxwell car. Third place, Lewis driving Crawford car. Fourth place, De Palma driving Mercedes car. Fifth place, Henderson driving Maxwell car.—350-mile race on 2-mile track, at Tacoma, Wash., Aug. 5, 1916. Speed of winner 89 miles per hour.

In this race, the biggest event of the season on the Pacific Coast, and one of the few races recognized by the American Automobile Association, Eddie Rickenbacker won on Goodyear Cord Tires without tire trouble. He changed his four tires for safety's sake only. Lewis who won third changed but one tire. De Palma who won fourth changed but one tire.
